

## PRODUTTORI DEL BARBARESCO Barbaresco Riserva Asili 2011

### PIEMONTE

June 30, 2016

“On the intensity scale, the 2011 Barbaresco Riserva Asili veers towards the lighter and more ethereal side of the Nebbiolo spectrum. The wine offers a delicately nuanced bouquet with menthol tones and balsam herb that segue to wild berry, light spice, blue violets and crushed mineral. Those mineral notes render a polished, dry and silky approach overall. The tannins are finely tuned and delineated with grace. This wine is more petite and feminine compared to the other Riservas released this year, but it shows its power and aging potential nonetheless.”
