The 2020 Barbaresco boasts an ample set of aromas with wild cherry, blue flower, sweet spice and crushed limestone. As always, the wine paints an exciting and authentic portrait of Nebbiolo, albeit with a little more richness and texture in this vintage. This is especially true in terms of the palate, where the wine offers mid-weight intensity with melting tannins. This ambitious release of 300,000 bottles is slated to hit the market in fall 2023.
